1. GENERAL

1.01 This section is reissued to omit wiring information for the DATASPEED line break and automatic answer mechanism. This information is now included in Section 592-800-400.

1.02 This section provides wiring information for 1A and 2A sender cabinets and tape readers.

1.03 The attached material (Teletype Corporation WD drawings) covers the actual and schematic wiring arrangements for the sender cabinets and tape readers.

1.04 For wiring information concerning other component units used with the tape senders, refer to the appropriate Bell System Practice in the 592 division of the Plant Series.
